THE THOMAS MORRISEY SHOWROOM

COMPLETE STAGE DESIGN

Chandler Theatre

Chandler, Quebec, Canada, 2013

After waiting more than 20 years, Chandler finally has a theatre venue.

Following a multi-million dollar rejuvenation, the auditorium of Mgr. Sévigny High School became the Thomas Morrissey showroom.

Description

The stage and wings were enlarged and dressing rooms were set up. The showroom's acoustics, comfort and visibility were completely renovated and considerably improved. All the seats were replaced and the room was equipped with digital audiovisual equipment. A ticket booth, bar and cloak room were also added.

The citizens of Chandler can now enjoy a state-of-the art cultural venue.
