

PERMANENT EXHIBITION

Exo: Our Search for Life in the Universe

Rio Tinto Alcan Planetarium

Montreal, Quebec, Canada, 2013

The exhibition *Exo: Our Search for Life in the Universe* explores life in all its forms and shapes. Spectacular images, animations, projections and multimedia games captivate visitors in this unique interactive digital experience.

Description

XYZ installed and programmed the multimedia infrastructure of the exhibition *Exo: Our Search for Life in the Universe*. The exhibition consists of immense tactile stelae, holographic projections, interactive games and audio systems.
