

THE JOINT

MULTI-PURPOSE THEATRE

Hard Rock Casino

Las Vegas, Nevada, USA, 2009

A true international rock icon, The Joint at the Hard Rock Casino was treated to a makeover by the Montreal based firm, Sceno Plus. The 4,000-seat room continues to welcome the biggest international rock stars in a supercharged atmosphere.

Description

The multi-purpose theatre can hold concerts as well as sport or corporate events. Sir Paul McCartney opened the venue in April 2009. The Joint has exceptional architectural and engineering characteristics that make this new rock temple a key location for major international tours.
